ICT OPERATIONAL SUPPORT

Validasi Implementasi Feature Berdasarkan Blueprint

Nama Aplikasi : iDesk – Enterprise IT Helpdesk & Operations Platform
Versi Aplikasi : Development
Tanggal Dokumentasi : 27 Juli 2026
Referensi Blueprint : Blueprint Document Bisnis Proses iDesk – Enterprise IT Helpdesk & Operations Platform Ver. 2.0

1. TUJUAN DOKUMENTASI

Dokumentasi ini dibuat sebagai bukti bahwa fitur-fitur aplikasi iDesk – Enterprise IT Helpdesk & Operations Platform yang telah dirancang pada dokumen blueprint aplikasi telah dilakukan implementasi dengan benar.

Dokumen ini mencakup daftar fitur, status implementasi, bukti pendukung, serta kesesuaian antara kebutuhan pada blueprint dengan hasil implementasi pada aplikasi iDesk – Enterprise IT Helpdesk & Operations Platform.

2. RUANG LINGKUP

1. Pemetaan fitur dari blueprint dan status implementasi setiap fitur.
2. Bukti implementasi berupa screenshot.

3. PEMETAAN FITUR BLUEPRINT iDesk – ENTERPRISE IT HELPDESK & OPERATIONS PLATFORM

3.1 Fitur Karyawan (USER)

Fitur	Lokasi Implementasi	Deskripsi	Status
Dashboard Pribadi	apps/frontend/src/features/dashboard/pages/BentoDashboardPage.tsx (BentoDashboardPage) · /dashboard · apps/backend/src/modules/ticketing/presentation/tickets.controller.ts · /v1/tickets/dashboard/stats	Ringkasan tiket pribadi, action items, notifikasi	Sudah diimplementasikan
Buat Tiket	apps/frontend/src/features/client/pages/BentoCreateTicketPage.tsx (BentoCreateTicketPage) · /client/create · apps/backend/src/modules/ticketing/presentation/tickets.controller.ts · POST /v1/tickets	Form pembuatan tiket dengan kategori, priority, lampiran	Sudah diimplementasikan
Riwayat Tiket	apps/frontend/src/features/client/pages/BentoMyTicketsPage.tsx (BentoMyTicketsPage) · /client/my-tickets · apps/backend/src/modules/ticketing/presentation/tickets.controller.ts · GET /v1/tickets	Daftar tiket milik sendiri dengan filter status	Sudah diimplementasikan
Permintaan Hardware	apps/frontend/src/features/hardware-request/pages/HardwareRequestCreatePage.tsx (HardwareRequestCreatePage) · /client/hardware-requests/new · apps/backend/src/modules/hardware-request/presentation/hardware-request.controller.ts · POST /v1/hardware-requests	Form permintaan barang ICT	Sudah diimplementasikan
Konfirmasi Instalasi	apps/frontend/src/features/hardware-request/components/detail/ActionPanel.tsx (ActionPanel) · /client/hardware-requests/:id · apps/backend/src/modules/hardware-request/presentation/hardware-request.controller.ts · POST /v1/hardware-requests/:id/confirm-installation	Konfirmasi ACCEPT_AS_IS / REPORT_ISSUE setelah instalasi	Sudah diimplementasikan
eForm Request	apps/frontend/src/features/request-center/pages/EformAccessCreatePage.tsx (EformAccessCreatePage) · /client/eform-access/new · apps/backend/src/modules/eform-request/eform-request.controller.ts · POST /v1/eform-request	Permintaan akses aplikasi/form internal	Sudah diimplementasikan
VPN Access Request	apps/frontend/src/features/vpn-access/pages/VpnAccessPage.tsx (VpnAccessPage) · /renewal · apps/backend/src/modules/vpn-access/vpn-access.controller.ts · POST /v1/vpn-access	Permintaan akses VPN	Sudah diimplementasikan
Pesan Zoom Meeting	apps/frontend/src/features/zoom-booking/pages/ClientZoomBookingPage.tsx (ClientZoomBookingPage) · /client/zoom-calendar · apps/backend/src/modules/zoom-booking/controllers/zoom-booking.controller.ts · POST /v1/zoom-booking	Booking slot Zoom korporat	Sudah diimplementasikan
Knowledge Base	apps/frontend/src/features/client/pages/ClientKnowledgeBasePage.tsx (ClientKnowledgeBasePage) · /client/kb · apps/backend/src/modules/knowledge-base/knowledge-base.controller.ts · GET /v1/kb/articles	Pencarian & baca artikel	Sudah diimplementasikan
Notifikasi	apps/frontend/src/features/client/pages/ClientNotificationCenter.tsx (ClientNotificationCenter) · /client/notifications · apps/backend/src/modules/notifications/notification.controller.ts · GET /v1/notifications	In-app, email, web push	Sudah diimplementasikan
Profil & Preferensi	apps/frontend/src/features/client/pages/ClientProfilePage.tsx (ClientProfilePage) · /client/profile · apps/backend/src/modules/users/users.controller.ts · PATCH /v1/users/me	Ubah password, foto, preferensi notifikasi	Sudah diimplementasikan

3.2 Fitur Agent (AGENT_OPERATIONAL_SUPPORT, AGENT_ORACLE, AGENT_ADMIN)

Fitur	Lokasi Implementasi	Deskripsi	Status
Papan Tiket	apps/frontend/src/features/ticket-board/components/BentoTicketKanban.tsx (BentoTicketKanban) · /kanban · apps/backend/src/modules/ticketing/presentation/tickets.controller.ts · GET /v1/tickets	Kanban TODO/IN_PROGRESS/WAITING_V ENDOR/RESOLVED	Sudah diimplementasikan
Drawer Tiket	apps/frontend/src/features/hardware-request/components/list/RequestRowDrawer.tsx (RequestRowDrawer) · /hardware-requests · apps/backend/src/modules/hardware-request/presentation/hardware-request.controller.ts · GET /v1/hardware-requests/:id	Detail, percakapan, internal note, time tracking	Sudah diimplementasikan
Ticket Templates	apps/backend/src/modules/ticketing/presentation/ticket-templates.controller.ts · GET /v1/ticket-templates	Form siap pakai	Sudah diimplementasikan
Time Tracking	apps/backend/src/modules/ticketing/presentation/time-tracking.controller.ts · GET /v1/tickets/:ticketId/time-entries	Pencatatan waktu pengerjaan	Sudah diimplementasikan
Hardware Installation Calendar	apps/frontend/src/features/hardware-request/components/calendar/InstallationCalendarPage.tsx (InstallationCalendarPage) · /hardware-requests/calendar · apps/backend/src/modules/hardware-request/presentation/installation.controller.ts · GET /v1/hardware-requests/calendar	FullCalendar untuk teknisi	Sudah diimplementasikan
Workload Dashboard	apps/frontend/src/features/manager/pages/AdminWorkloadDashboard.tsx (AdminWorkloadDashboard) · /workloads · apps/backend/src/modules/workload/workload.controller.ts · /v1/workload	Beban harian agent berdasarkan priority weight	Sudah diimplementasikan
Knowledge Base Authoring	apps/frontend/src/features/knowledge-base/pages/BentoManageArticlesPage.tsx (BentoManageArticlesPage) · /kb/manage · apps/backend/src/modules/knowledge-base/knowledge-base.controller.ts · POST /v1/kb/articles	DRAFT → PUBLISHED	Sudah diimplementasikan

3.3 Fitur Administrator

Fitur	Lokasi Implementasi	Deskripsi	Status
User Management	apps/frontend/src/features/admin/pages/BentoAdminAgentsPage.tsx (BentoAdminAgentsPage) · /agents · apps/backend/src/modules/users/users.controller.ts · /v1/users	CRUD pengguna, import CSV, role assignment	Sudah diimplementasikan
Department Management	apps/frontend/src/features/admin/pages/BentoAdminAgentsPage.tsx (BentoAdminAgentsPage) · /agents · apps/backend/src/modules/users/departments.controller.ts · /v1/departments	CRUD departemen	Sudah diimplementasikan
Site Management	apps/frontend/src/features/admin/components/InlineSiteEditor.tsx (InlineSiteEditor) · /agents · apps/backend/src/modules/sites/sites.controller.ts · /v1/sites	CRUD site multi-tenant	Sudah diimplementasikan
SLA Configuration	apps/frontend/src/features/admin/pages/BentoSlaSettingsPage.tsx (BentoSlaSettingsPage) · /sla · apps/backend/src/modules/sla-config/sla-config.controller.ts · /v1/sla-config · apps/backend/src/modules/sla-config/business-hours.controller.ts · /v1/business-hours	Target waktu per priority + jam kerja	Sudah diimplementasikan
Workflow Rules	apps/frontend/src/features/automation/pages/AutomationRulesPage.tsx (AutomationRulesPage) · /automation · apps/backend/src/modules/automation/controllers/workflow-rule.controller.ts · /v1/automation/rules	Editor automation rule	Sudah diimplementasikan
Permissions	apps/frontend/src/features/admin/components/PresetsDrawer.tsx (PresetsDrawer) · /agents · apps/backend/src/modules/permissions/permissions.controller.ts · /v1/permissions/presets	Preset & feature permission per pengguna	Sudah diimplementasikan
IP Whitelist	apps/frontend/src/features/settings/pages/IpWhitelistSettings.tsx (IpWhitelistSettings) · /settings · apps/backend/src/modules/ip-whitelist/ip-whitelist.controller.ts · /v1/ip-whitelist	Daftar IP yang diizinkan	Sudah diimplementasikan
Audit Log	apps/frontend/src/features/admin/pages/AuditLogPage.tsx (AuditLogPage) · /audit-logs · apps/backend/src/modules/audit/audit.controller.ts · /v1/audit	Filter & search audit trail	Sudah diimplementasikan
System Settings	apps/frontend/src/features/settings/pages/BentoSettingsPage.tsx (BentoSettingsPage) · /settings · apps/backend/src/modules/settings/settings.controller.ts · GET /v1/settings/storage	Konfigurasi global, branding, sound	Sudah diimplementasikan
Zoom Admin	apps/frontend/src/features/zoom-booking/pages/ZoomSettingsPage.tsx (ZoomSettingsPage) · /zoom-settings · apps/backend/src/modules/zoom-booking/controllers/zoom-admin.controller.ts · /v1/admin/zoom	Tambah akun Zoom, kuota meeting	Sudah diimplementasikan
Synology Backup	apps/frontend/src/features/settings/pages/SynologyBackupSettings.tsx (SynologyBackupSettings) · /settings · apps/backend/src/modules/synology/synology.controller.ts · /v1/backup/configs	Konfigurasi target backup	Sudah diimplementasikan
Sound Notification	apps/frontend/src/features/settings/pages/SoundSettingsPage.tsx (SoundSettingsPage) · /settings · apps/backend/src/modules/sound/sound.controller.ts · /v1/sounds	Upload nada notifikasi	Sudah diimplementasikan
Reports	apps/frontend/src/features/reports/pages/BentoReportsPage.tsx (BentoReportsPage) · /reports · apps/backend/src/modules/reports/reports.controller.ts · /v1/reports	Generate PDF/Excel	Sudah diimplementasikan

3.4 Fitur Manager

Fitur	Lokasi Implementasi	Deskripsi	Status
Manager Dashboard	apps/frontend/src/features/manager/pages/ManagerDashboard.tsx (ManagerDashboard) · /manager/dashboard · apps/backend/src/modules/manager/manager.controller.ts · /v1/manager/dashboard	Ringkasan pengajuan eForm, hardware request, KPI tim	Sudah diimplementasikan
Laporan Eksekutif	apps/frontend/src/features/manager/pages/ManagerReportsPage.tsx (ManagerReportsPage) · /manager/reports · apps/backend/src/modules/manager/manager.controller.ts · /v1/manager/reports	Akses laporan agregat	Sudah diimplementasikan

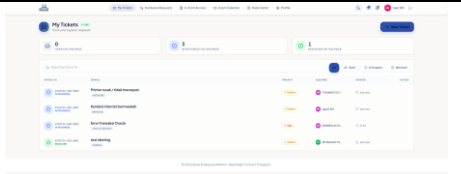

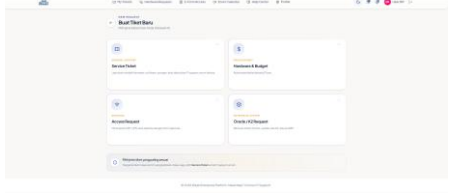

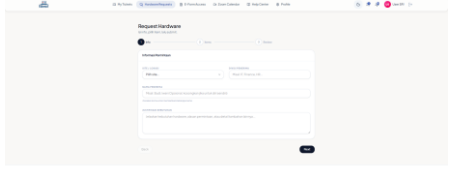

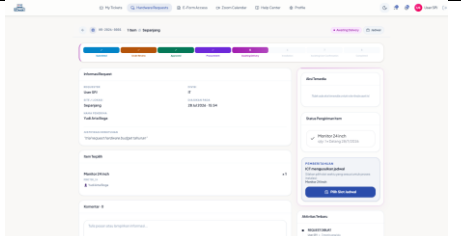

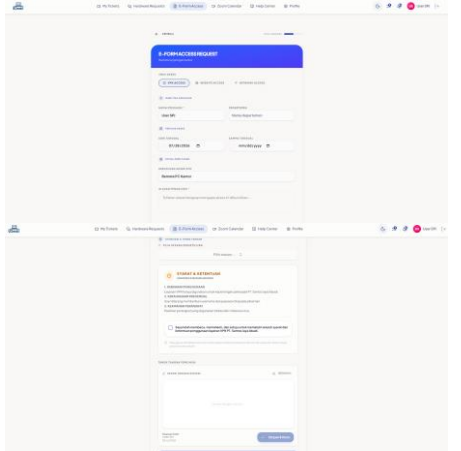

4.5 Fitur Approval

Approval eForm Manager	apps/frontend/src/features/request-center/pages/EformApprovalPage.tsx (EformApprovalPage) · /manager/eform-access/:id/approve · apps/backend/src/modules/eform-request/eform-request.controller.ts · PATCH /v1/eform-request/:id/manager-approve	Persetujuan eForm	Sudah diimplementasikan
Approval Hardware Request	apps/frontend/src/features/hardware-request/components/detail/ActionPanel.tsx (ActionPanel) · /manager/hardware-requests/:id · apps/backend/src/modules/hardware-request/presentation/hardware-request.controller.ts · POST /v1/hardware-requests/:id/approve	Approve / reject	Sudah diimplementasikan

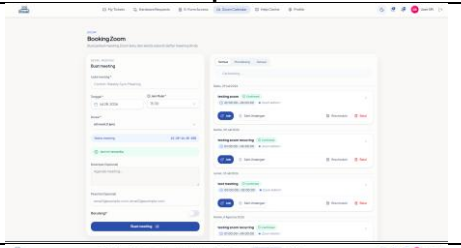

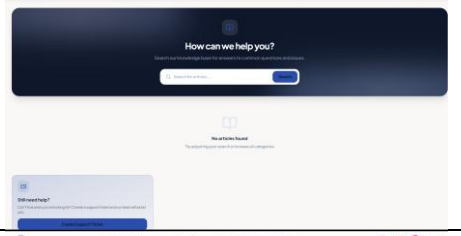

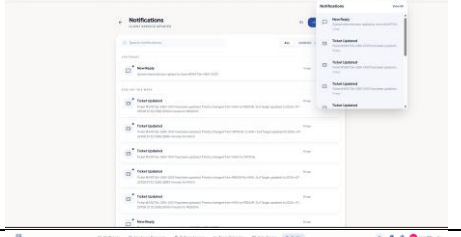

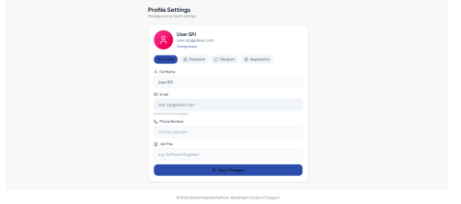

4. BUKTI IMPLEMENTASI FITUR iDesk – ENTERPRISE IT HELPDESK & OPERATIONS PLATFORM

Berikut hasil implementasi fitur aplikasi iDesk – Enterprise IT Helpdesk & Operations Platform berdasarkan Blueprint yang sudah dilakukan:

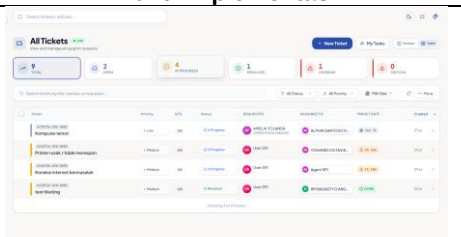

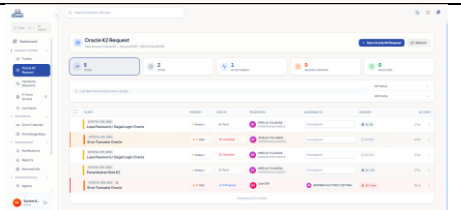

4.1 Fitur Karyawan (USER)

Fitur	Role	Deskripsi	Bukti Implementasi
Dashboard Pribadi	User	Ringkasan tiket pribadi, action items, notifikasi	
Buat Tiket	User	Form pembuatan tiket dengan kategori, priority, lampiran	
Buat Tiket Oracle/K2	User	Form pembuatan tiket oracle/k2 dengan kategori, priority, lampiran	
Permintaan Hardware	User	Form permintaan barang ICT	
Konfirmasi Instalasi	User	Konfirmasi ACCEPT_AS_IS / REPORT_ISSUE setelah instalasi	
eForm Request	User	Permintaan akses aplikasi/form internal	

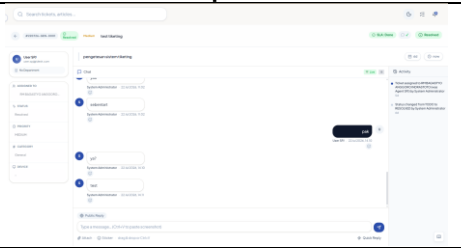

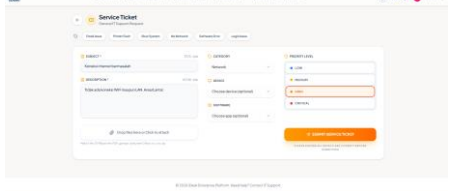

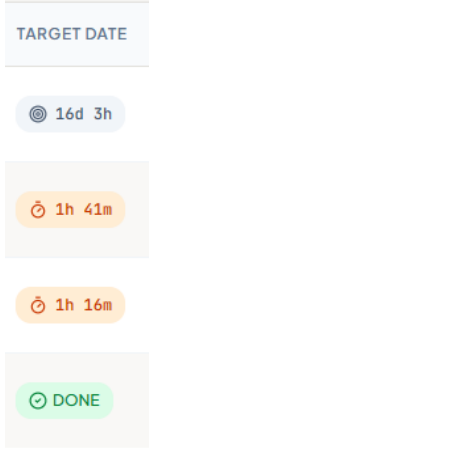

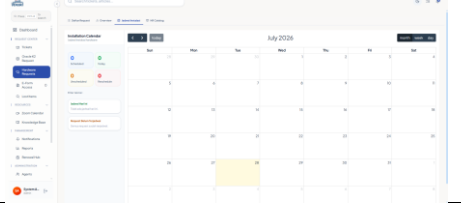

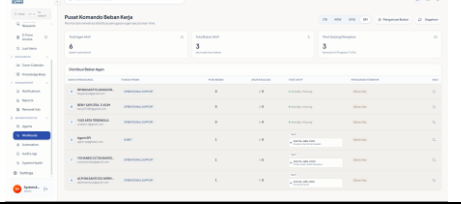

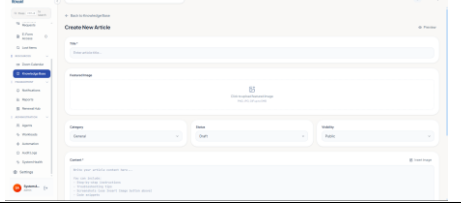

DEVELOPMENT DOCUMENT

Fitur	Role	Deskripsi	Bukti Implementasi
Pesan Zoom Meeting	User	Booking slot Zoom korporat	
Knowledge Base	User	Pencarian & baca artikel	
Notifikasi	User	In-app, email, web push	
Profil & Preferensi	User	Ubah password, foto, preferensi notifikasi	

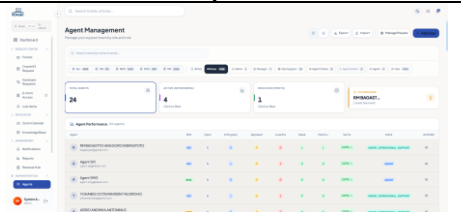

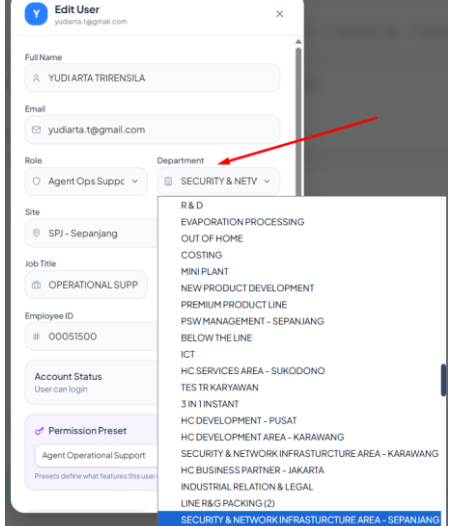

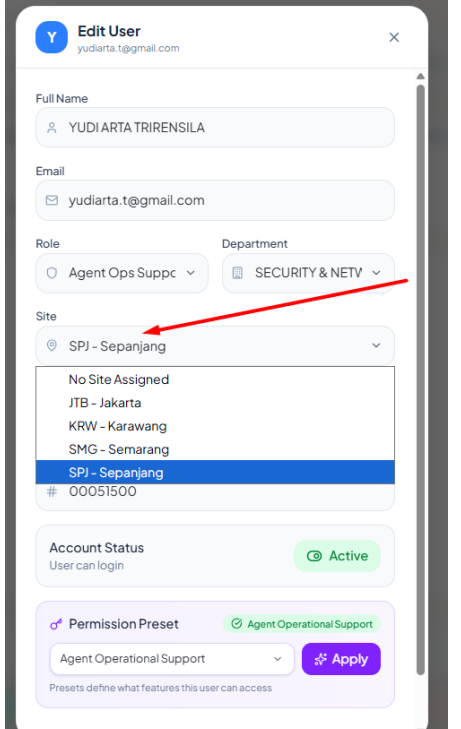

4.2 Fitur Agent (AGENT_OPERATIONAL_SUPPORT, AGENT_ORACLE, AGENT_ADMIN)

Fitur	Role	Deskripsi	Bukti Implementasi
Papan Tiket	Agent & Admin	Kanban TODO/IN_PROGRESS/WAITING_VENDOR/RESOLVED	
Papan Tiket Oracle/K2	Agent & Admin	Kanban TODO/IN_PROGRESS/WAITING_VENDOR/RESOLVED	

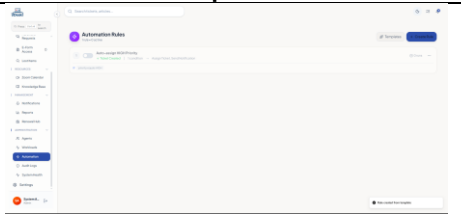

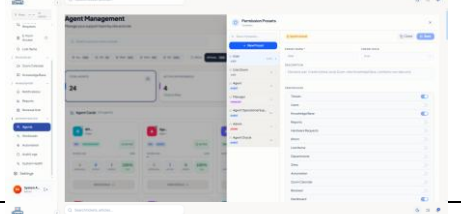

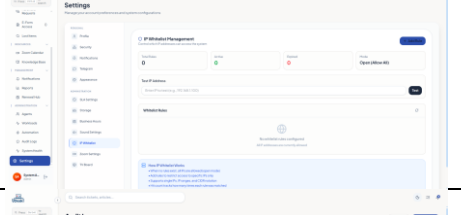

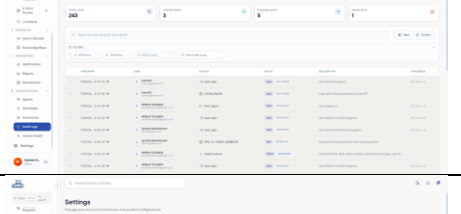

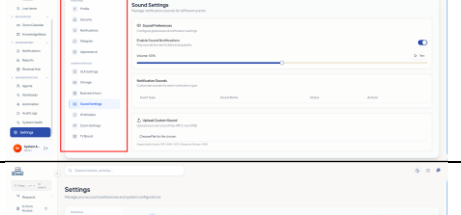

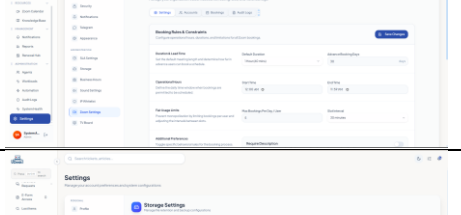

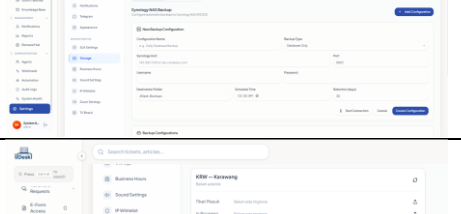

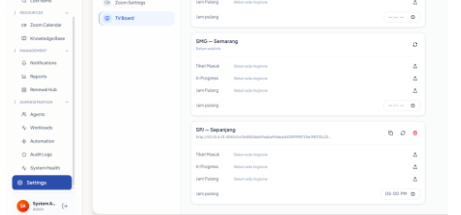

DEVELOPMENT DOCUMENT

Fitur	Role	Deskripsi	Bukti Implementasi
Drawer Tiket	Agent & Admin	Detail, percakapan, internal note, time tracking	
Ticket Templates	Agent & Admin	Form siap pakai	
Time Tracking	Agent & Admin	Pencatatan waktu pengerjaan	
Hardware Installation Calendar	Agent & Admin	FullCalendar untuk teknisi	
Workload Dashboard	Agent & Admin	Beban harian agent berdasarkan priority weight	
Knowledge Base Authoring	Agent & Admin	DRAFT → PUBLISHED	

4.3 Fitur Administrator

Fitur	Role	Deskripsi	Bukti Implementasi
User Management	Admin	CRUD pengguna, import CSV, role assignment	
Department Management	Admin	CRUD departemen	
Site Management	Admin	CRUD site multi-tenant	
SLA Configuration	Admin	Target waktu per priority + jam kerja	

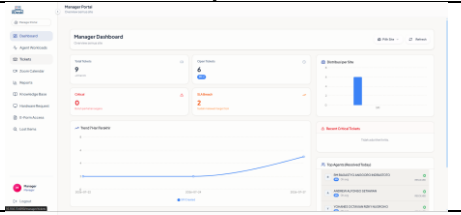

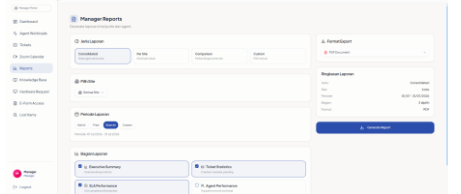

DEVELOPMENT DOCUMENT

Fitur	Role	Deskripsi	Bukti Implementasi
Workflow Rules	Admin	Editor automation rule	
Permissions	Admin	Preset & feature permission per pengguna	
IP Whitelist	Admin	Daftar IP yang diizinkan	
Audit Log	Admin	Filter & search audit trail	
System Settings	Admin	Konfigurasi global, branding, sound	
Zoom Admin	Admin	Tambah akun Zoom, kuota meeting	
Synology Backup	Admin	Konfigurasi target backup	
Sound Notification	Admin	Upload nada notifikasi	

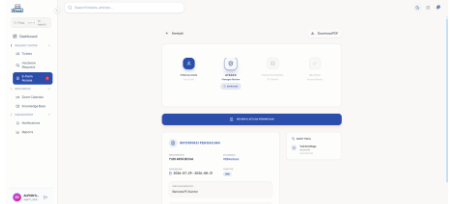

DEVELOPMENT DOCUMENT

Fitur	Role	Deskripsi	Bukti Implementasi
Reports	Admin	Generate PDF/Excel	

4.4 Fitur Manager

Fitur	Role	Deskripsi	Bukti Implementasi
Manager Dashboard	Manager & Admin	Ringkasan pengajuan eForm, hardware request, KPI tim	
Laporan Eksekutif	Manager & Admin	Akses laporan agregat	

4.5 Fitur Approval

Approval eForm Manager	User & Agent	Persetujuan eForm	
Approval Hardware Request	User & Agent	Approve / reject	

Dokumen ini disusun sebagai validasi implementasi fitur berdasarkan Blueprint Document Bisnis Proses iDesk – Enterprise IT Helpdesk & Operations Platform Ver. 2.0.
